 ("Raubex" or the "Company")

Abridged Pre-Listing Statement

1. Introduction

Raubex is a construction company with a specific focus on infrastructure development, which operates across all nine South African provinces and throughout southern Africa. J E 'Koo's' Raubenheimer founded the business in Bloemfontein in 1974 and progressively developed the Raubex Group into a leader in road construction and rehabilitation and associated infrastructure development including concrete structures.

Raubex has a proud record of over 30 years of uninterrupted profitability and employs over 2 800 people. The Company is also a major supplier of aggregates to the construction industry.

Raubex is a dynamic South African construction group that has delivered consistent growth through leadership, innovation and quality. The Company is proud of its BEE credentials and in terms of ownership is more than 26% owned by previously disadvantaged groups.

Raubex's vision is to leverage its position to become the leading road construction and associated infrastructure operator in southern Africa. Raubex's mission is to create wealth for its shareholders, maximise cash and dividends, whilst providing for sustainable re-investment and satisfying the needs of all its stakeholders.

The Company intends to continue growing both organically and acquisitively. As a publicly traded company Raubex will be better placed to participate in Public Private Partnerships due to the enhanced financing options which will be available to Raubex as well as its enhanced profile. The impact of this should be positive on Raubex in light of the government spending plans on infrastructure and in the tendering process for Public Private Partnership projects in South Africa over the next five to ten years.

2. Purpose of the Pre-Listing Statement, Private Placing and Listing

The Directors of Raubex believe that the Company has outgrown its private company status. In pursuing its intended vision and mission, the listing will allow the Company to achieve the following:

- Greater access to capital markets;
- Attract and retain the best talent in the industry;
- Unlock value for existing shareholders and create value for future shareholders; and
- Raise the Company profile leading to new business opportunities.

3. The Offer

The Offer, as described in the Pre-listing statement of Raubex dated 2 March 2007, comprised of an offer in respect of the sale of 55 852 730 ordinary par value shares of R0,01 in the issued share capital of Raubex ("Raubex shares"), at a price of between R13.50 and R15.00 per Raubex share ("Offer price") in terms of a Private Placement.

The Private Placing was substantially over subscribed and the shares were placed at R15.00 per Raubex share in terms of a book building process. As a result, Raubex shares with a value of R837 490 950 were placed through the Private Placing.
